Value Added	1.8	-0.5	1.8	1.7	9.7	-0.2	2.7	-3.4	-9.1

\*Simulated performance since inception on April 11, 2011

#### Investment Objective

The investment objective of the ETF seeks to provide, to the extent possible and net of expenses: (a) exposure to the performance of an index of Canadian companies that are involved in the crude oil and natural gas industry (currently, the Solactive Equal Weight Canada Oil & Gas Index); and (b) monthly distributions of dividend and call option income. To mitigate downside risk and generate income, the ETF will employ a dynamic covered call option writing program.
